

## COLCORD AND MINERS' WAGES

There never was a campaign in this State that did not find the Democratic press attacking the record of the Republican nominee on the question of miners' wages. They have attacked Colcord's record, not because they know anything about it, but from mere force of habit.

The following correspondence tells more of Colcord's record as a paymaster to miners than a volume of speeches:

BODIE, Cal., Oct. 7, 1890  
Editor Enterprise—DEAR SIR: Living just across the line from Nevada, we learn that the Democrats of your State have been accusing Mr. Colcord of being a low wages man. That might be swallowed in some places, but it cannot be here, where he is held in high esteem by miners who always knew him to be friendly to their cause, and through whose unsolicited influence a few years ago a damper was put on an attempt to reduce wages in this district. The Miners' Union knew this and gratefully tendered him a vote of thanks of which the following is a copy:

Hall of  
BODIE MINERS' UNION,  
BODIE, Cal., Jan. 21, 1885.  
Supt. R. K. Colcord, Bodie—  
Dear Sir: At a meeting of the Bodie Miners' Union, held in their hall on the evening of the 20th instant, the following preamble and resolutions were unanimously adopted:

PREAMBLE AND RESOLUTIONS.  
WHEREAS, The Bodie Miners' Union, knowing the friendship of the Superintendent R. K. Colcord has always shown toward their organization; and  
WHEREAS, It is known by this Union that Superintendent Colcord did recently resist an attempt to reduce wages in this district; therefore, be it

Resolved, That this Union tender Superintendent R. K. Colcord a vote of thanks, and that the same be spread upon the minutes.  
Resolved, That the Secretary be instructed to present in person a copy of these resolutions to Mr. Colcord.

A. E. McMILLAN, President,  
SAMUEL TYACK, Rec. Sec'y.  
This record was spread on the minutes of the Union in Bodie in 1885, with no idea that it would ever be used in a campaign.  
We call the attention of the Democratic papers to this exhibit and hold that it practically disposes of the wages question for this campaign.

**The Vote of Tuesday.**  
It is claimed by many that there were at least 150 Democrats who voted at the Republican primaries, but a careful canvass and analysis shows 438 straight-cut Republicans. Of 133 who were not on the registry two years ago, 41 are either working at the Mint or are young men who cast their maiden vote, 14 were Democrats, who took and signed the test, and 50 were known by the inspectors and prominent Republicans to be solid. This leaves 63 unaccounted for, 9 of who have heretofore voted the Democratic ticket, but are done, and subscribed to the oath of the 54 remaining, 32 have been classed as Democrats and 22 are unclassified, being new comers, but claim to be Republicans. Granting that these with the 32 heretofore classed as Democrats, vote against us, we have 552 Republican voters out of a total of not to exceed 909, leaving 342 Democrats, and a majority of 216 for the Republican ticket; just Harrison's majority two years ago. To offset any defections, changes of residence, etc., there are a large number of Republicans who failed to vote or are at work in the mountains, so that we may safely depend upon a majority of at least 200 at the general election on the 4th of next month.

If the Enterprise and Chronicle would devote less space to the discussion of Mr. Winters' horses and more to the real issue at stake they would both be doing better work for their respective parties.—Gazette.

## GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy able-bodied man in the State should possess—for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. S. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.
